

PCCDS Learning Network 2018 Annual Conference

Patient-Centered
Clinical Decision Support
Learning Network

Crystal City, VA | October 15, 2018

Schedule at a Glance

Time	Title	Session Speakers	Description
7:30 AM - 8:00 AM	Continental Breakfast		Breakfast and opportunity to visit sponsor tables.
8:00 AM – 8:15 AM	Welcome	Barry H. Blumenfeld, MD, MS	Greetings to attendees and instructions for the day.
8:15 AM – 8:30 AM	Introduction to the Opioid Action Plan	Jerome Osheroff, MD, FACP	Dr. Osheroff will briefly describe the National Action Plan for PCCDS to Address the Opioid Crisis and will set the theme and objectives for the meeting.
8:30 AM – 9:10 AM	Keynote: The Evolution of Medication Decision Support in the age of Opioid abuse	David W. Bates, MD, MSc, FACMI	Dr. Bates will describe how medication decision support has matured over time and is ready for applications related to opiate use and abuse.
9:10 AM – 9:50 AM	Keynote: The Uses of CDS in the Opioid Crisis	Christopher Harle, PhD, MS	Dr. Harle will provide expert insight on the role of PCCDS in addressing the opioid crisis.
9:50 AM – 10:00 AM	Break		Networking, Sponsor tables
10:00 AM – 10:40 AM	Developing Trust in Patient-Centered CDS for Managing Opioids: Recommendations of the Trust Framework Work Group	Blackford Middleton, MD, MPH, MSc Joshua Richardson, PhD, MS, MLIS Jodyn Platt, PhD	Panel presentation by the Learning Network's Trusted Use Frameworks Work Group leaders who will discuss the work group's results, findings, and recommendations from their recent whitepaper. The session will include time for discussion and next steps to promote trust for implementing and using CDS.
10:40 AM – 11:20 AM	Addressing the Technical Barriers and Facilitators to Implementing Opioid-related Patient-Centered CDS	Kensaku Kawamoto, MD, PhD, MHS Laura Marcial, PhD	Panel presentation by the Learning Network's Technical Framework Work Group leaders who will give a brief overview of their work to date. The session is intended to provide the background for a break-out session in the afternoon.
11:20 AM – 12:00 PM	Better Incorporating the Patient Perspective in Patient-Centered CDS: Opioids as a Case Example	Danny van Leeuwen, MPH, RN	Patient Perspective- this session will consider an ideal state for patients, integration of patient expertise and CDS, and share other perspectives solicited from patient groups. Issues include a focus on non-pharmaceutical pain management and patient-facing tools for managing pain. The session will welcome attendees to channel their inner patient/family member/caregiver selves as it relates to pain management CDS.
