

2019 Annual PCCDS Conference Washington, DC | October 21, 2019

Optimizing Health through Patient-Facing Clinical Decision Support

Presentation Submission Process

OVERVIEW

On October 21, 2019, the PCCDS-LN is hosting a one-day conference and **Connectathon** to bring together diverse stakeholders to learn about and discuss key issues in making patient-facing clinical decision support a reality. We are soliciting presentation abstracts on the ways patient-centered and patient-facing clinical decision support (PCCDS) are being used in patient care or research for the Annual Conference <https://pccds-ln.org/annual-conference>. This is an opportunity to highlight your work and have stimulating conversations with a variety of stakeholders who are also interested in PCCDS. Selected presenters will each have up to 15 minutes to discuss their work as part of a 3-presenter panel, to be followed by one 10-15-minute Q&A session.

Each presenter does not have to be the first author but must be familiar enough with the work to answer attendees' questions.

In advance of the October meeting, all presenters of accepted abstracts will receive instructions participating in the panel.

Complete Google form https://docs.google.com/forms/d/e/1FAIpQLSfKCWDTAb_PUsCAv5PhxfIBVDZgxw-3MNVAyDM9O3YXmkamA/viewform?usp=sf_link
or send presentation submissions to
boverman@rti.org by Monday, August 26th @ 5 p.m. ET,
with the subject: **PCCDS-LN Annual Meeting**
Presentation Submission

Decisions will be sent via e-mail to corresponding authors by September 15, 2019

At least one of the submission authors must register and present at the conference on October 21, 2019 at the Capital Hilton, Washington, DC.
