**FOR VENDORS**

A technical EHR vendor liaison who can provide support for FHIR-based, patient-facing apps connected with the EHR's personal health record (PHR) platform or portal.

A focus on providing support for connecting patient-facing CDS mobile or Web-based apps with an EHR portal or PHR platform.

Via wifi connections in a dedicated ‘breakout room’ for most of the day on 10/21/2019.

All day, Monday, October 21, 2019 (max of 8 hours).

Please indicate your commitment to send a representative by June 15, 2019, registration is here: https://pccds-ln.org/annual-conference

Capital Hilton, 16th Street Northwest, Washington, DC

Be on-hand at the meeting to try to ‘connect’ tools to one or more EHR environments.

**FOR ATTENDEES**

Interested parties who have developed or are developing a FHIR-based, patient-facing app and would like support to connect it with a participating EHR vendor’s PHR platform or portal.

A desire to collaborate with other developers and vendors interested in connecting patient-facing mobile or Web-based apps to a patient’s personal health record.

Attendees will use wifi connections in a ‘bring your own hardware’ arrangement. The Codeathon will take place in a dedicated ‘breakout room’ for most of the day on 10/21/2019.

All day, Monday, October 21, 2019 (max of 8 hours).

Please indicate your interest by selecting ‘planning to attend’ the Codeathon when you register for the conference: https://pccds-ln.org/annual-conference

Capital Hilton, 16th Street Northwest, Washington, DC

One of the most challenging aspects of developing patient-facing CDS is integrating it with or into an EHR. ‘Connect’ with app developers, standards experts, and CDS integrators at the meeting.

**2019 Annual PCCDS Conference**

Washington, DC | October 21, 2019

Optimizing Health through Patient-Facing Clinical Decision Support
